David B. Richardson, University of North Carolina at Chapel Hill, USA
Edgar Rivedal, Norwegian Scientific Committee for Food Safety, USA
Mary Schubauer-Berigan, National Institute for Occupational Safety and Health, USA
Bernard W. Stewart, Cancer Control Program, Australia (Subgroup Chair, Cancer bioassays and mechanisms of carcinogenesis)
Kristina Thayer, National Institute of Environmental Health Sciences, USA
Hiroyuki Tsuda, Nagoya City University, Japan
Roel Vermeulen, University of Utrecht, The Netherlands
Paolo Vineis, Imperial College London, United Kingdom
Sholom Wacholder, National Cancer Institute, USA
Lauren Zeise, California Environmental Protection Agency, USA

Invited Specialists

Daniel Krewski, University of Ottawa, Canada[1]
Lesley Rushton, Imperial College London, United Kingdom[2]
Martyn T. Smith, University of California Berkeley, USA[3]

Representatives of national and international health agencies

None

[1] Daniel Krewski holds a Natural Sciences and Engineering Council of Canada (NSERC) Industrial Research Chair in Risk Science at the University of Ottawa. This is a peer-reviewed NSERC program under which industry contributions to the Chair are matched on a one for one basis. Industry contributions include funds from the Exxon Mobil Research Foundation.

[2] Lesley Rushton has a research grant from The European Chemical Industry Council (CEFIC) to compare NOAELs from animal data with those from human data.

IARC Monographs on the Evaluation of Carcinogenic Risks to Humans
ADVISORY GROUP TO RECOMMEND ON QUANTITATIVE RISK CHARACTERIZATION
FOR THE IARC MONOGRAPHS
Lyon, France: 18-19 November 2013

Observers

None

IARC secretariat

Martyn Plummer, Section of Infections
Nereo Segnan, Senior Visiting Scientist, Section of Early Detection and Prevention
Kurt Straif, Section of IARC Monographs (Section Head)
Angelika Maria Tritscher, World Health Organization, Switzerland

NOTE REGARDING CONFLICTS OF INTERESTS: Each participant submitted WHO’s Declaration of Interests, which covers employment and consulting activities, individual and institutional research support, and other financial interests. Participants identified as Invited Specialists did not serve as meeting chair or subgroup chair, draft text that pertains to the description or interpretation of cancer data, or participate in the evaluations. The Declarations were updated and reviewed again at the opening of the meeting.
