Hai-Rim Shin, Data Analysis and Interpretation group  
Kurt Straif, *IARC Monographs* programme (*co-responsible officer*)  
Lydia Voti, Quality Assurance group  
Nualnong Wongtongkam, Lifestyle and Cancer group

**NOTE REGARDING CONFLICTS OF INTERESTS:** Each participant submitted WHO's Declaration of Interests, which covers employment and consulting activities, individual and institutional research support, and other financial interests. Participants identified as Invited Specialists did not serve as meeting chair or subgroup chair, draft text that pertains to the description or interpretation of cancer data, or participate in the evaluations. The Declarations were updated and reviewed again at the opening of the meeting.
