

IARC Monographs on the Evaluation of Carcinogenic Risks to Humans
VOLUME 122: ISOBUTYL NITRITE, β -PICOLINE, AND SOME ACRYLATES
Lyon, France: 5-12 June 2018

PRELIMINARY LIST OF PARTICIPANTS

IARC requests that you do not contact or lobby meeting participants, send them written materials, or offer favours that could appear to be linked to their participation. (You may send pertinent written materials to IARC.) IARC will ask participants to report all such contacts and will publicly reveal any attempt to influence the meeting. Thank you for your cooperation.

Working Group Members and Invited Specialists serve in their individual capacities as scientists and not as representatives of their government or any organization with which they are affiliated. Affiliations are provided for identification purposes only.

IARC Secretariat

Lamia Benbrahim-Tallaa, *IARC Monographs* Group (Responsible Officer)
Véronique Bouvard, *IARC Monographs* Group
Fatiha El Ghissassi, *IARC Monographs* Group
Yann Grosse, *IARC Monographs* Group
Kathryn Guyton, *IARC Monographs* Group
Amy Hall, *IARC Monographs* Group
Corentin Jaillet, *IARC Monographs* Group
Heidi Mattock, *IARC Monographs* Group (Editor)
Kurt Straif, Section of *IARC Monographs* (Head, Section of Evidence Synthesis and Classification)

NOTE REGARDING CONFLICTS OF INTERESTS: Each participant first received a preliminary invitation with the request to complete and sign the IARC/WHO Declaration of Interests, which covers employment and consulting activities, individual and institutional research support, and other financial interests.

Official invitations were extended after careful assessment of any declared interests that might constitute a real or perceived conflict of interest. Pertinent and significant conflicts are disclosed here. Information about other potential conflicts that are not disclosed may be sent to the Head of the Monographs Programme at imo@iarc.fr.

Participants identified as Invited Specialists will not serve as meeting chair or subgroup chair, draft text that pertains to the description or interpretation of cancer data, or participate in the evaluations. The Declarations will be updated and reviewed again at the opening of the meeting.
