

***IARC Monographs on the Evaluation of Carcinogenic Risks to Humans***  
**TUMOUR CONCORDANCE AND MECHANISMS OF CARCINOGENESIS:**  
**LESSONS LEARNED FROM VOLUME 100 OF THE IARC MONOGRAPHS**  
**Lyon, France: 16-18 April 2012 & 28-30 November 2012**

**LIST OF PARTICIPANTS**

**Members**

Lawrence Banks, International Centre for Genetic Engineering and Biotechnology, Italy  
(attending April meeting only)

Frederick A. Beland, National Center for Toxicological Research, USA (attending April meeting only)

James A. Bond, Chemico-Biological Interactions, USA

Maarten C. Bosland, University of Illinois at Chicago, USA

John R. Bucher, National Institute of Environmental Health Sciences, USA

Jane Caldwell, U.S. Environmental Protection Agency, USA

Vincent Coglianò, U.S. Environmental Protection Agency, USA (Overall Chair)

David M. DeMarini, U.S. Environmental Protection Agency, USA (Subgroup Chair)

Bice Fubini, University of Torino, Italy

Bernard D. Goldstein, University of Pittsburgh, USA<sup>1</sup>

Stephen S. Hecht, University of Minnesota, USA

Uwe Heinrich, Fraunhofer Institute of Toxicology and Experimental Medicine, Germany (unable to attend)

Kari Hemminki, German Cancer Research Center, Germany

Mark A. Hill, University of Oxford, United Kingdom

Charles William Jameson, CWJ Consulting LLC, USA (Subgroup Chair)<sup>2</sup>

Agnes B. Kane, Brown University, USA<sup>3</sup>

Robert J. Kavlock, U.S. Environmental Protection Agency, USA<sup>4</sup>

Daniel Krewski, University of Ottawa, Canada<sup>5</sup>

Paul F. Lambert, University of Wisconsin, USA

Ronald Melnick, Ron Melnick Consulting LLC, USA<sup>6</sup>

Christopher J. Portier, Agency for Toxic Substances and Disease Registry, USA (Subgroup Chair, April; attending April meeting only)

Jerry M. Rice, Georgetown University Medical Center, USA<sup>7</sup>

Ivan I. Rusyn, University of North Carolina, USA

Martyn T. Smith, University of California, USA<sup>8</sup> (attended on-line)

---

<sup>1</sup> Bernard Goldstein is a member of the Dow Chemical Sustainability External Advisory Committee.

<sup>2</sup> Charles William Jameson serves as a consultant for the North American Insulation Manufacturers Association regarding the listing of glass wool fibres in the 12th Report on Carcinogens.

<sup>3</sup> Agnes Kane receives research support from the Gulf of Mexico Research Initiative (funded by BP) to investigate remediation of deep water oil spills.

<sup>4</sup> Robert Kavlock's research unit receives research support from L'Oréal for ToxCast.

<sup>5</sup> Dan Krewski is NSERC Chair in Risk Science at the McLaughlin Centre for Population Health Risk Assessment which is funded on a 1:1 basis by NSERC and industry. He is also President and Chief Risk Scientist of Risk Sciences International; he is also a major shareholder of this company, which provides risk mitigation services to a number of public sector clients and industry.

<sup>6</sup> Ron Melnick served as a consultant and expert witness for Bush Lewis, PLLC, on cancer risk of 1,3-butadiene.

<sup>7</sup> Jerry Rice served as a Chair of the external Scientific Advisory Panel for the Shanghai Health Study on health risks from benzene exposure, funded by the American Petroleum Institute. He is also partner in and holds stock of a small vineyard and winery corporation.

***IARC Monographs on the Evaluation of Carcinogenic Risks to Humans***  
**TUMOUR CONCORDANCE AND MECHANISMS OF CARCINOGENESIS:**  
**LESSONS LEARNED FROM VOLUME 100 OF THE IARC MONOGRAPHS**  
**Lyon, France: 16-18 April 2012 & 28-30 November 2012**

Leslie Stayner, University of Illinois at Chicago, USA  
Bernard W. Stewart, for the South Eastern Sydney Public Health Unit, Australia  
Robert L. Ullrich, University of Texas, USA  
Harri Vainio, Finnish Institute of Occupational Health, Finland  
Paolo Vineis, Imperial College London, United Kingdom (attending April meeting only)  
Michael P. Waalkes, National Institute of Environmental Health Sciences, USA (Subgroup Chair)  
Lauren Zeise, Californiam Environmental Protection Agency, USA

**Representatives of national and international health agencies**

Cécile Michel, French Agency for Food, Environment and Occupational Health and Safety,  
France (attending November meeting only)  
Martin Wiseman, World Cancer Research Fund International, United Kingdom (attending April  
meeting only)

**Observers**

Mustafa Al-Zoughool, for the University of Ottawa, Canada  
Michael Bird, for the University of Ottawa, Canada<sup>9</sup>  
Béatrice Fervers, for the Centre Léon Bérard, France  
Pascale Lajoie, for the University of Ottawa, Canada (attending November meeting only)

**IARC secretariat**

Robert Baan, Senior Visiting Scientist, Section of *IARC Monographs* (*Co-responsible officer*)  
Lamia Benbrahim Tallaa, Section of *IARC Monographs*  
Véronique Bouvard, Section of *IARC Monographs*  
Graham Byrnes, Section of Genetics  
Fatiha El Ghissassi, Section of *IARC Monographs*  
Yann Grosse, Section of *IARC Monographs* (*Co-responsible officer*)  
Neela Guha, Section of *IARC Monographs*  
Zdenko Herceg, Section of Mechanisms of Carcinogenesis (attending April meeting only)  
Marie-Pierre Lambert, Section of Mechanisms of Carcinogenesis (attending April meeting only)  
Béatrice Lauby-Secretan, Section of *IARC Monographs*  
Dana Loomis, Section of *IARC Monographs* (attending November meeting only)  
Heidi Mattock, Section of *IARC Monographs*  
Magali Olivier, Section of Mechanisms of Carcinogenesis (attending April meeting only)  
Ghislaine Scélo, Section of Genetics (attending April meeting only)  
Chiara Scoccianti, Section of *IARC Monographs* (attending April meeting only)  
Kurt Straif, Section of *IARC Monographs* (*Section Head*)  
Jiri Zavadil, Section of Mechanisms of Carcinogenesis (attending November meeting only)

---

<sup>8</sup> Martyn Smith received payment from various U.S. law firms for consulting and testimony in litigation involving benzene and other chemicals. He also received payment for travel and honorarium from American Chemistry Council (ACC) and for invited lecture from ILSI- HESI.

<sup>9</sup> Michael Bird is retired (since 2011) from Exxon Mobil Biomedical Sciences Inc. and holds significant 401(k) stock from this company.

*IARC Monographs on the Evaluation of Carcinogenic Risks to Humans*  
**TUMOUR CONCORDANCE AND MECHANISMS OF CARCINOGENESIS:  
LESSONS LEARNED FROM VOLUME 100 OF THE IARC MONOGRAPHS**  
**Lyon, France: 16-18 April 2012 & 28-30 November 2012**

**NOTE REGARDING CONFLICTS OF INTERESTS:** Each participant submitted WHO's Declaration of Interests, which covers employment and consulting activities, individual and institutional research support, and other financial interests. The Declarations were updated and reviewed again at the opening of the meeting in April and in November.
