

IARC Monographs on the Evaluation of Carcinogenic Risks to Humans
VOLUME 118: WELDING, WELDING FUMES AND SOME RELATED CHEMICALS
Lyon, France: 21-28 March 2017

LIST OF PARTICIPANTS

Working Group Members and Invited Specialists served in their individual capacities as scientists and not as representatives of their government or any organization with which they are affiliated. Affiliations are provided for identification purposes only.

Members

Wolfgang Ahrens, University of Bremen, Germany
Maria Albin, Karolinska Institute, Sweden
Marissa G. Baker, University of Washington, USA
David C. Christiani, Harvard T.H. Chan School of Public Health, USA (Subgroup Chair, Mechanisms)
Jason M. Fritz, United States Environmental Protection Agency, USA
Shoji Fukushima, Japan Organization of Occupational Health and Safety, Japan
William M. Gwinn, National Institute of Environmental Health Sciences, USA
Johnni Hansen, Danish Cancer Society, Denmark (Overall Chair)
Hans Kromhout, Institute for Risk Assessment Sciences (IRAS), The Netherlands (Subgroup Chair, Exposure)
J r me Lavou , University of Montreal, Canada
Dani le Luce, National Institute of Health and Medical Research (Inserm), France
Ruth M. Lunn, National Institute of Environmental Health Sciences, USA
Andrea 't Mannetje, Massey University, New Zealand (Subgroup Chair, Cancer in Humans)
Armen K. Nersesyan, Medical University of Vienna, Austria
Susan Peters, University Medical Center Utrecht and University of Utrecht, The Netherlands¹
Erik J. Tokar, National Institute of Environmental Health Sciences, USA
Patti C. Zeidler-Erdely, National Institute for Occupational Safety and Health, USA
(Subgroup Chair, Cancer in Experimental Animals)

Invited Specialists

None

Representatives of national and international health agencies

Yiqun Chen, for Health and Safety Executive (HSE), United Kingdom
Pauline Guillou, for ANSES - French Agency for Food, Environmental and Occupational Health and Safety, France

¹ Susan Peters' previous research unit at the University of Western Australia has received research support (ceased July 2014) from WesTrac Ltd, Western Australia, a construction equipment supplier, to investigate adverse health effects of environmental asbestos exposure.

IARC Monographs on the Evaluation of Carcinogenic Risks to Humans
VOLUME 118: WELDING, WELDING FUMES AND SOME RELATED CHEMICALS
Lyon, France: 21-28 March 2017

Frank Pega, for the World Health Organization, Switzerland
Andreas Ullrich, for the World Health Organization, Switzerland

Observers

Amy Hall, for the University of British Columbia, Canada
Sue Hubbard, for the International Molybdenum Association (IMO)²
Len Levy, for the International Molybdenum Association (IMO)³
Adriana Oller, for Eurometaux, Belgium⁴
Valentin Thomas, for the University Paris Dauphine, France
Wolfgang Zschiesche, for the Institute for Prevention and Occupational Medicine of the German Social Accident Insurance, Germany⁵

IARC/WHO secretariat

Lamia Benbrahim-Tallaa, Section of IARC Monographs
Véronique Bouvard, Section of IARC Monographs
Rafael Carel, Visiting Scientist, Ben Gurion University, Israel, Section of IARC Monographs
Fatiha El Ghissassi, Section of IARC Monographs
Yann Grosse, Section of IARC Monographs
Neela Guha, Section of IARC Monographs (Responsible Officer)
Kathryn Guyton, Section of IARC Monographs
Dana Hashim, Section of Genetics
Manoj Kumar Honaryar, Section of IARC Monographs
Rim Khlifi, Section of Genetics
Dana Loomis, Section of IARC Monographs
Karen Muller, Communications (Editor)
Leslie Stayner, Visiting Scientist, University of Illinois at Chicago, USA, Section of IARC Monographs
Kurt Straif, Section of IARC Monographs (Section Head)
Nadia Vilahur, Section of IARC Monographs

² Sue Hubbard was employed (until 2015) by Rio Tinto, a global mining and metals group; she is a consultant for the International Molybdenum Association (IMO). She attends as an Observer for IMO.

³ Len Levy is a consultant for the International Molybdenum Association (IMO). He attends as an Observer for IMO.

⁴ Adriana Oller is employed by the Nickel Producers Environmental Research Association (NiPERA). She attends as an Observer for Eurometaux, Belgium.

⁵ Wolfgang Zschiesche is a member of the Working Group "Safety at the Workplace" of the German Welding Association, and Chairman of the Commission "Health, Safety and Environment" of the International Institute of Welding. He attends as an Observer for the Institute for Prevention and Occupational Medicine of the German Social Accident Insurance.

IARC Monographs on the Evaluation of Carcinogenic Risks to Humans
VOLUME 118: WELDING, WELDING FUMES AND SOME RELATED CHEMICALS
Lyon, France: 21-28 March 2017

NOTE REGARDING CONFLICTS OF INTERESTS: Each participant first received a preliminary invitation with the request to complete and sign the IARC/WHO Declaration of Interests, which covers employment and consulting activities, individual and institutional research support, and other financial interests.

Official invitations were extended after careful assessment of any declared interests that might constitute a real or perceived conflict of interest. Pertinent and significant conflicts are disclosed here. Information about other potential conflicts that are not disclosed may be sent to the Head of the Monographs Programme at imo@iarc.fr.

Participants identified as Invited Specialists did not serve as meeting chair or subgroup chair, draft text that pertains to the description or interpretation of cancer data, or participate in the evaluations. The Declarations were updated and reviewed again at the opening of the meeting.

NOTE REGARDING OBSERVERS: The Observer agreed to respect the Guidelines for Observers at *IARC Monographs* meetings. The Observer did not serve as meeting chair or subgroup chair, draft any part of a *Monograph*, or participate in the evaluations. He also agreed not to contact participants before the meeting, not to lobby them at any time, not to send them written materials, and not to offer them meals or other favours. IARC asked and reminded Working Group Members to report any contact or attempt to influence that they may have encountered, either before or during the meeting.
