

**IARC Monographs on the Identification of Carcinogenic Hazards to Humans**  
**Volume 124: Shift Work that involves Circadian Disruption**  
**Lyon, France: 4–11 June 2019**

**PRELIMINARY LIST OF PARTICIPANTS**

**IARC requests that you do not contact or lobby meeting participants, send them written materials, or offer favours that could appear to be linked to their participation. (You may send pertinent written materials to IARC.) IARC will ask participants to report all such contacts and will publicly reveal any attempt to influence the meeting. Thank you for your cooperation.**

**Working Group Members and Invited Specialists serve in their individual capacities as scientists and not as representatives of their government or any organization with which they are affiliated. Affiliations are provided for identification purposes only.**

**Members**

Vladimir N. Anisimov, N.N. Petrov Research Institute of Oncology, Russian Federation [unable to attend]  
Kristan J. Aronson, Queen's University, Canada  
Parveen Bhatti, BC Cancer Agency, Canada  
Pierluigi Cocco, University of Cagliari, Italy  
Giovanni Costa, Department of Occupational and Environmental Health, University of Milan, Italy  
David C. Dorman, College of Veterinary Medicine, North Carolina State University, USA  
Loning Fu, Baylor College of Medicine, USA  
Anne-Helene Garde, National Research Centre for the Working Environment, Denmark  
Dori Germolec, National Institute of Environmental Health Sciences, USA  
Pascal Guénel, INSERM – CESP, France  
Johnni Hansen, Danish Cancer Society Research Centre, Denmark  
Mikko Härmä, Finnish Institute of Occupational Health, Finland  
Kazuaki Kawai, University of Occupational and Environmental Health, Japan  
Evgenii Alexandrovich Khizkhin, Institute of Biology of the Karelian Research Centre of the Russian Academy of Sciences, Russian Federation  
Anders Knutsson, Department of Health Services, Mid Sweden University, Sweden  
Manolis Kogevinas, ISGlobal, Barcelona Institute for Global Health, Spain  
Francis Levi, Warwick University, United Kingdom  
David McCormick, IIT Research Institute, USA  
Claudia Moreno, School of Public Health, University of São Paulo, Brazil  
Eero Pukkala, University of Tampere, Finland [unable to attend]  
Eva Schernhammer, Medical University of Vienna, Austria and Harvard Medical School, USA  
Ruth Travis, University of Oxford, United Kingdom  
Roel Vermeulen, University of Utrecht, The Netherlands  
Elizabeth Ward, American Cancer Society, USA [retired]  
Martha Waters, National Institute for Occupational Safety and Health, USA  
Marianna Yakubovskaya, Ministry of Health, Russian Federation  
Hajo Zeeb, Leibniz Institute for Prevention Research and Epidemiology, Germany  
Yong Zhu, School of Epidemiology and Public Health, Yale University, USA  
Shanbeh Zienolddiny, National Institute of Occupational Health, Norway

**Invited Specialists**

None

**IARC Monographs on the Identification of Carcinogenic Hazards to Humans**  
**Volume 124: Shift Work that involves Circadian Disruption**  
**Lyon, France: 4–11 June 2019**

**Representatives of national and international health agencies**

Yiqun Chen, Health and Safety Executive (HSE), United Kingdom  
Aurélie Niaudet, for the French Agency for Food, Environmental and Occupational Health and Safety (ANSES)

**Observers**

Rafael Carel, for Haifa University, Israel  
Danielle Clarkson-Townsend, for Emory University, USA  
Alex Forrest, for the United Fire Fighters of Winnipeg, Canada  
Cheryl Peters, for the Cumming School of Medicine, University of Calgary, Canada  
Margaux Rozenberg, for Centre Léon Bérard, France

**IARC Secretariat**

Lamia Benbrahim-Tallaa, *IARC Monographs Group*  
Véronique Bouvard, *IARC Monographs Group*  
Ryan Diver, American Cancer Society  
Fatiha El Ghissassi, *IARC Monographs Group*  
Zdenko Herceg, Epigenetics Group (Section and Group Head)  
Jennifer Girschik, *IARC Monographs Group*  
Yann Grosse, *IARC Monographs Group*  
Kathryn Guyton, *IARC Monographs Group* (Acting Group Head)  
Amy Hall, *IARC Monographs Group*  
Claire Marant-Micallef, Section of Cancer Surveillance

Harriet Rungay, Section of Cancer Surveillance  
Mary Schubauer-Berigan, *IARC Monographs Group* (Responsible Officer)  
Michelle Turner, Visiting Scientist, *IARC Monographs Group*  
Emilie van Deventer, Department of Public Health, Environmental and Social Determinants of Health, World Health Organization

**NOTE REGARDING CONFLICTS OF INTERESTS:** Each participant first received a preliminary invitation with the request to complete and sign the IARC/WHO Declaration of Interests, which covers employment and consulting activities, individual and institutional research support, and other financial interests.

Official invitations were extended after careful assessment of any declared interests that might constitute a real or perceived conflict of interest. Pertinent and significant conflicts are disclosed here. Information about other potential conflicts that are not disclosed may be sent to the Head of the Monographs Programme at [imo@iarc.fr](mailto:imo@iarc.fr).

Participants identified as Invited Specialists will not serve as meeting chair or subgroup chair, draft text that pertains to the description or interpretation of cancer data, or participate in the evaluations. The Declarations will be updated and reviewed again at the opening of the meeting.
